22nd Annual Audit of Star by ABC Completed Tuesday

J. W. Leiser, field auditor for the Audit Bureau of Circulations, Chicago, completed the 1971 audit of The Star's circulation Tuesday morning—the 22nd annual audit for us.

While the audit figures can't be quoted until their official release from Chicago headquarters I have seen the summary and assure you it is the best report in years.

This is a matter of personal interest to your editor for I set up the ABC system of records at The Star myself, the opening audit being for the last half of 1949. We lost about 40 subscribers in that 1949 audit, owing to a misunderstanding of some of ABC's rules—but we haven't lost any in the 21 succeeding audits.

Relatively few papers in Arkansas belong to the ABC organization, but it's as valuable to a newspaper as a bank statement is to a bank.

The Audit Bureau of Circulations is controlled by those who buy advertising—not those who sell it; therefore what it says about your circulation is the final word.

ABC bylaws require that the majority of the board of directors be comprised of advertisers and their agencies. Newspapers and magazines are perpetually in the minority.

Occasionally a Star subscriber thinks we are a pretty tough outfit on collections. But that's the price you pay for the ABC emblem. ABC is just as tough on us as we are with our own patrons.

It's always a critical moment when the office learns "That man is here," followed by a sigh of relief when the audit is wrapped up and the auditor heads for another city.

JOINT U.S.-CANADIAN PROJECT, an air cushion landing system under development is designed to permit aircraft to operate from rough fields and swamps, using the layer-of-air technique of hovercraft. Artist's concept shows plane, left, touching down without wheels.

Snow Packed Storm Hits Across Western Plains

By THE ASSOCIATED PRESS
A storm packing hurricane-force winds and heavy snow whipped across the western mountains and northern Great Plains today.

Travel warnings were posted from Washington to Nebraska, while blizzard warnings covered most of Montana. Heavy snow warnings extended as far east as Minnesota and Wisconsin.

Sustained winds of 100 miles per hour ripped through western Wyoming and gusts well over 100 rocked Livingston, Mont.

The wind toppled six mobile homes at a mobile home park

in Boulder, Colo., and blew two others off their foundations. Schools were closed Tuesday in seven counties of southeastern Idaho as snowdrifts made roadways impassable.

More than 100 persons in the Swan Valley near the Wyoming line were cut off from other communities by drifts.

At Lander, Wyo., where wind gusts of 85 m.p.h. were recorded, traffic was limited to emergency vehicles and rural school buses were escorted by snow plows.

A failure in a telephone, a glow-wave system blacked out communication of all across much of Montana as the storm moved in Tuesday, keeping much of the state from hearing the National Weather Service's blizzard warnings.

The cause of the failure was being investigated. Damage to power lines and buildings was reported along

the eastern slopes of the Colorado Rockies.

An arctic air mass sweeping into Montana was expected to follow the storm into the upper Mississippi Valley and Great Lakes region with bitterly cold weather.

Officer Found Innocent

STAR CITY, Ark. (AP) — A former Star City policeman was found innocent Tuesday by a Circuit Court jury here on a charge of manslaughter in connection with the fatal shooting of a Negro.

The all-white jury of 11 men and one woman deliberated for about eight minutes before returning the verdict. The trial began Tuesday morning.

Charles Ratliff was on trial for the fatal shooting last May 31 of Cornell Russ, 28, of Monticello.

Filing Deadline in School Board Vote

Deadline for filing for school boards in Hempstead County is 5 p.m. Friday, January 28. This date is set by the Legislature as the law states that a person must file 45 days before election. School election date this year is March 14.

Requirements for a person to be a candidate for a school board position are: own real estate in the district in which you file at the time of filing, be a qualified elector and submit a petition with at least 20 qualified electors names of that particular school district to Mrs. W.D. Flowers, Jr. in the County School office in the Hempstead County Courthouse by 5 p.m. Friday, January 28, 1972.

In Hope School District 1-A, candidates may file for Posts No. 3 and 4. These are now held by Dr. Forney Holt and William R. Rounton. Term is for three years.

In Blevins School District No. 2, candidates may file for Post No. 2 now held by Lavelle Bonds. Term is for five years.

Candidates may file for Post No. 2 in Patmos School District No. 9 now held by Dave Cummings. This is also a five year term.

Spring Hill School District No. 10, Post No. 2 now held by D.J. Goodner, five year term.

Saratoga School District No. 11, Post No. 2 now held by L.K. Boyce, Jr., five year term.

Washington School District No. 12, Post No. 2 now held by Robert Pryor, five year term.

On the County Board of Education, Zone No. 1, a one-year unexpired term now held by Mrs. Louise Butler and County-at-Large post, now held by Harry Phillips, five year term.

Muslim Leader Raps Own Members as Murderers

CHICAGO (AP) — The leader of the Black Muslims, an organization linked to a racial shootout in Baton Rouge, La., says his group is "faced with murderers and killers coming to them from among our own black brothers."

Elijah Muhammad, national Black Muslim leader, charged that "white devils furnish the crazy savage black brother of the Muslims with deadly weapons with which to kill his Black Muslim brother."

Writing in the current issue of "Muhammad Speaks," a weekly Muslim news publication, Muhammad called for black "self-haters" to stop the infighting "before it is too late." The article was written before the shootout.

Baton Rouge officials have

blamed infighting among Black Muslims for the shootout Monday in which two white deputy sheriffs and two young black men were killed.

Baton Rouge Mayor W. W. Dumas said Tuesday that the shootout might have been deliberately provoked by Muslims trying to overthrow Muhammad.

"This Elijah Muhammad, whoever he is, better watch out for these people," Dumas said.

In Baton Rouge, authorities were holding the bodies of the two black victims, identified as Thomas Davis, 25, of Chicago and Samuel Upton, 29, of Vallejo, Calif.

As heavily armed policemen and National Guard troops patrolled the city Tuesday night, the families prepared for the

funerals of deputies Ralph Hancock, 30, and Ralph Dewayne Wilder, 27, who were to be buried today.

Only minor trouble was reported Tuesday, the day after the shooting erupted following a meeting of militant blacks.

Dumas told newsmen that the two black victims were among several militants who were party to a conspiracy of revolution.

He warned other cities to be on the alert to similar outbreaks.

Dumas said officers had questioned 20 persons arrested immediately after the shootings and "with the information we have from our own sources and admissions from these men, these people are either members or a splinter group of Black Muslims."

Oil and Gas Rights on City Land Leased

At the regular meeting of the City Directors last night, the Board accepted a proposal of Wheelless Industries, Inc. of Shreveport, to lease approximately 2,300 acres of airport property for oil and gas exploration.

The lease is for \$2 per acre, with an option to renew at \$1 per acre per year. The lease money will go to the airport maintenance fund.

The Board also authorized the Police Department to advertise for bids on two new police cars, replacing two of the cars now in service. The Police Department had recommended that standard passenger cars be bought instead of the police specials. The cars cost a little less to begin with and, ordinarily, will bring a better trade at the end of service.

Under the usual operation of the police cars, passenger cars possibly give as good service.

They also authorized the Health Department to secure prices on a new packer type trash and garbage unit. Prices will be secured on a unit

Mars May Be a 'Living' Planet

PASADENA, Calif. (AP) — Mars may still be a "living" planet, scientists say.

"Clearly, Mars has ... active surface processes ... whereas before, we weren't sure whether we were looking at a fossil surface like the moon," said Dr. Bruce Murray, one of the scientists who have been studying photographs taken by Mariner 9.

Murray and other scientists of the California Institute of Technology's Jet Propulsion Laboratory agreed Tuesday that volcanoes once dotted the red planet and played a big role in shaping Mars. Geological evolution beneath the surface may be continuing now, they report.

The scientists also said that there are signs of erosion, much like that on earth, caused by gases and liquids.

The laboratory made public Tuesday more of the recent photos that have given scientists their best look at the Martian surface.

One showed a series of strange pits and hollows, some about two miles across, about 500 miles from the planet's south pole.

Death Ruled Self-inflicted

The shooting death January 7 of Mrs. Jettie Marie Johnson, 38, has been ruled self-inflicted by Hempstead County officials, Sheriff Henry Sinyard said Wednesday. State and local police cooperated in the investigation.

The annual meeting of the stockholders of the Hempstead County Industrial Foundation, Inc., for the election of directors and the transaction of such other business as may be brought before the meeting, will be held at the Chamber of Commerce building Monday, January 24 at 7:30 p.m. All stockholders are urged to be present.

Mrs. Jackie White underwent surgery at Wadley Hospital Monday at Texarkana. She is in Room 582.

January 6 at Pine Bluff a tractor-trailer truck and a Cotton Belt train collided and Charles (Tommy) Adair, 20, of McCaskill, was critically injured. He is the son of Lewis Adair of McCaskill. He is in Room 307 Jefferson Hospital East, Pine Bluff.

Lacy Rowe of Hope Rt. 3 (old DeAnn road) has a black Angus cow that gave birth to a calf to a calf with two heads. The incident occurred Sunday night, the calf was still born.

U.S. Air Base Is Hit, Copter Lost

SAIGON (AP) — Communist forces today made the third attack in less than two weeks on a U.S. air base in the Vietnam war, shot down an American helicopter, killing all four crewmen, and intensified attacks across South Vietnam to their highest level in three months.

The U.S. Command also announced that an Air Force F4 jet bombed and apparently destroyed an antiaircraft missile battery in the Laotian panhandle near Sepone shortly after it fired two missiles at another American plane Tuesday.

The Army UH1 helicopter was shot down Tuesday while supporting South Vietnamese operations south of the U Minh forest in the Mekong Delta, about 165 miles southwest of Saigon.

The South Vietnamese military command reported 34 enemy attacks on its military units

and Vietnamese civilians during the 24 hours ending at 6 a.m. Wednesday. It was the highest number since the first week of October.

The most serious attack was a Viet Cong ambush of a platoon of 30 government militiamen in the Mekong Delta about 90 miles south of Saigon. Field reports said three government soldiers were killed, 11 were missing and six were wounded.

There was speculation that the attacks on the U.S. air bases were in retaliation for the massive American air attacks on North Vietnam late last month. The target today was the big Bien Hoa base 15 miles northeast of Saigon, and two Viet Cong sappers slipped past South Vietnamese and American guards to blow up a stockpile of small arms ammunition.

One of the sappers was killed when he triggered a claymore mine on his way out, the 7th Air Force reported. The other escaped.

No other casualties were reported.

In Saigon, a coalition of four obscure Vietnamese religious groups urged President Nixon to order a permanent cease-fire throughout Indochina and suspend all U.S. aid to South Vietnam, Laos and Cambodia.

It also said that if Nixon would set the cease-fire for the Tet celebration Feb. 15 and set an early deadline for withdrawal of all U.S. troops, it would "guarantee" the return of Americans held by North Vietnam and the Viet Cong.

In northern Laos, North Vietnamese forces captured two more government positions near the Long Cheng base, informed sources in Vientiane said.

Buildup Challenge to Air Power

SAIGON (AP) — Big North Vietnamese gains in Laos and Cambodia, two major enemy buildups along South Vietnam's western borders and new challenges to U.S. air power signal a crucial year ahead for Washington and Saigon.

U.S. officials in Saigon term the situation in Laos critical. But informed sources say there are strong indications that the North Vietnamese are building up to something in South Vietnam, with 15,000 fresh troops in

or en route to the central highlands and three divisions re-emerging in the region of the demilitarized zone.

The consensus among American military and diplomatic officials is that the Communist campaign in Laos is designed to force Premier Souvanna Phouma to ask the United States to stop the massive bombing in his country and give North Vietnam free rein to use the country as a staging area.

Coleman said he owns no property in the district. He has paid taxes on his grandmother's house, he said.

The current occupant of the congressional post is Rep. David Pryor, D-Ark., of Camden, who has yet to reveal his political intentions for 1972.

Pryor has mentioned, however, that he understood that Coleman was from Lonoke, rather than McGehee.

Coleman said he has chosen to run for Congress because "I've always had a desire to be a public servant and to help the people of the state." In that sense, he said, his desire is purely altruistic.

The job pays \$42,000 a year, which is less than Coleman figures the campaign will cost even if opposition is only minimal.

"I figure it will take \$50,000 at the minimum," Coleman said.

Coleman Seeks Seat Held by Rep. Pryor

By BILL SIMMONS
Associated Press Writer

MCGEHEE, Ark. (AP) — Jack Goodwin Coleman, 27, born at McGehee, raised at Lonoke, employed at Washington, D.C., has announced an intention to run for 4th District congressman.

Neither Lonoke nor Washington is in the district, but McGehee is and that, said Coleman, is the place where he resides.

When interviewed, Coleman was a registered voter, but in Lonoke County, not in DeSha County, where McGehee is located.

He said, however, that he had established legal residence in DeSha County and would register there soon.

His legal residence is based on his occupancy, with an aunt and a grandmother, of a McGehee house owned by the grandmother, he said.

All Around Town

Taylor, a Prescott sophomore. . . Karen Shofner, a Nashville freshman. . . Judy Kidd, a freshman from Blevins and Kay Callicott, a Cale freshman.

Adults and Boy Scouts of Troop 91-92 plan an auction of old records Saturday and Hankell Jones, KXAR manager and Scouters, are recruiting leaders to work at the auction. . . it will be held over KXAR Sat., Jan. 15, residents are urged to listen and telephone bids to 777-5525 and 777-3601. . . Scoutmasters are Glen Overturn and Harold Sisson.

Loss of the Queen Elizabeth luxury liner by fire in Hong Kong harbor over the weekend brought back memories to Leslie Formby of Blevins. . . he and Joe Cook of Hope, now deceased, were two of the first Arkansians on the liner when she was doing troop carrier duty during World War II.

Navy Fireman Apprentice Gary L. Cox, son of Mr. and Mrs. H. D. Cox of Rt. 4, and husband of the former Miss Sandra K. Clemmons, all of Nashville, Ark., graduated from recruit training at the Naval Training Center, Orlando, Fla. . . he is a graduate of Nashville High School.

Describing himself as "a very rich landlord," the 21-year-old Anura made the offer Tuesday at a political rally as Ceylon's government prepared land reforms that would include a ceiling on individual holdings.

Mrs. Bandaranaike also has expressed willingness to give up her family's substantial holdings.

"All these things they do in Laos and Cambodia are undoubtedly pointed to their long-range objective of making it easier to gain control of South Vietnam," says one American expert.

Some senior U.S. officials say the buildup in the central highlands is far bigger than any previous one in that area. But despite the buildups and the deteriorating situation in Laos, President Nixon appears to have committed himself to further withdrawal of U.S. troops in February at the rate of at least 25,000 a month.

With Korean, Thai and Australian troops also pulling out, the South Vietnamese army's regulars are spread thin. The much-heralded militia force of half a million men, which is supposed to defend the interior of South Vietnam, is often no match for the North Vietnamese and Viet Cong.

Adult Classes at Tech School

The Vocational Agriculture Department of Hope High School will begin a series of Adult Classes in House Planning and Carpentry according to Troy Buck, Director of Vocational Agricultural Education.

The initial meeting will be Monday, January 17, at 7 p.m., in the Vocational Agriculture Building at the High School. Jack Lowe is the instructor for the class.

There is no charge for the course and interested persons should enroll on opening night. For additional information, contact Troy Buck, Telephone No. 777-3451.

One Car Stolen, 2nd Abandoned

A 1963 blue Chevrolet owned by Jesse Brown was stolen from an alley behind his taxicab stand at 104 S. Main yesterday, City Police reported. It was not in use as a cab. The car was locked.

Later City Officers reported they found an abandoned 1966 Comet parked at Cassidy & Williams Grocery on Hazel. This vehicle had been stolen Monday at Longview, Texas. The Hope car reportedly has been seen near DeKalb, Texas.

Would Give Up His Lands

COLOMBO, Ceylon (AP) — Prime Minister Sirimavo Bandaranaike's son Anura has offered to give up his lands if that would help his country's landless peasants.

Describing himself as "a very rich landlord," the 21-year-old Anura made the offer Tuesday at a political rally as Ceylon's government prepared land reforms that would include a ceiling on individual holdings.

Mrs. Bandaranaike also has expressed willingness to give up her family's substantial holdings.

Safety Meet Here

The Arkansas Transportation Commission will be holding a safety meeting with all private carriers on transportation regulations of the State of Arkansas on Thursday afternoon, January 20, at 2 o'clock in the City Hall Court Room.

"There are some new regulations that went into effect on January 1, 1972, that carry disqualification of drivers for three years and we feel that the private truck operators need to know about these regulations," stated Harry Tyson, District Investigator.

The Transportation Commission would like to have all private carrier owners and drivers that use the highways of the State of Arkansas to attend this meeting.

The Hope-Hempstead County Chamber of Commerce is assisting the Transportation Commission in getting this meeting set up and they urge attendance of all of the private truck owners and drivers in Hempstead County.

GRAYSON SPEARS

At the invitation of Kiwanian Lynn Harris, Grayson Spears, head of the now building Spears Carpet Mills was the guest speaker at Tuesday's Kiwanis Club meeting.

Mr. Spears stated that he would like to make this program little different from those given before other civic clubs and that he would deal with the operations his completed mill rather than

the construction aspect. He did, however, give a progress report on the construction. Actual construction of the building, located near Kustom Kraft and Young American Homes, has now begun and he hopes to be in operation in the not too distant

future.

Draft Rules Change Is Directed

By JERRY T. BAULCH
Associated Press Writer

WASHINGTON (AP) — The Selective Service today proposed rules directing that a man be told why if his application for deferment or exemption is rejected. Under present regulations, he doesn't have the right to know and usually isn't told.

The revisions also give those—such as students—who have been granted long delays in being called up a somewhat better chance to seek deferment or exemption due to hardship or conscience objection.

The changes were published in the Federal Register and go into effect in mid-February unless challenged. They come in the wake of protests in Congress and elsewhere that some proposed rule changes issued last Nov. 2 were unfair. Other rules proposed then, such as phasing out student deferments, became effective Dec. 10.

As a result of the criticism draft Director Curtis W. Tarr suspended all calls for personal appearances before boards and state appeal board actions to give all draft-eligible men the benefit of the rule changes proposed today. The suspensions will remain in effect until the latest revisions become effective.

In response to an avalanche of mail criticizing a proposed new form for conscientious-objector applicants, Tarr has proposed another, simpler form appearing in the Federal Register.

Most of the letters objected to the length of the 30-question form and to its complexity. Some of the questions were called tricky and unfair.

The new form contains only four questions and leaves it mostly up to the registrant to support his claim to CO status.

Ruling Concerning Fraternities May Lose Tax Breaks

By ROBERT L. CAMPBELL
Associated Press Writer

WASHINGTON (AP) — Acting on the complaint of a man who says he was denied membership in a Portland, Ore., Elks lodge because he is black, a federal court panel has ruled that fraternal organizations are not entitled to tax breaks if they exclude nonwhites.

The ruling said such organizations are not exempt from federal income taxes and re-voles the right of individuals to deduct charitable contributions to such clubs from their income tax.

The order Tuesday by three U.S. District Court judges was an opinion of law which often comes before a final judgment on a particular case. The court has not yet ruled on the validity of the complaint against the Elks lodge.

But the language of the ruling indicates the intent of the court is to rule out all federal tax breaks for fraternal organizations that exclude nonwhites and for members of such organizations.

Citing the Civil Rights Act of 1964, the judges said: "There is a clearly indicated congressional policy that the beneficiaries of federal largesse should not discriminate."

"The minds and hearts of men may be beyond the purview of this or any court; perhaps those who cling to infantile and ultimately self-destructive notions of their racial superiority cannot be forced to maturity."

The ruling came in the suit of Clifford V. McClotten who, with the support of the American Civil Liberties Union, filed a class-action suit against the Benevolent and Protective Order of Elks.

Acting on a government motion, the court dismissed a second claim that tax exemptions for nonprofit clubs violate the Constitution. The court said there is a distinction between most nonprofit clubs and fraternal organizations in the way money is raised and invested.

The Elks, founded in New York in 1868, have a provision in their constitution that says: "No person shall be accepted as a member of this organization unless he be a white, male citizen of the United States of America."

SHERRY K. LANE

Sherry K. Lane, daughter of Mr. and Mrs. Elwood Miller of Bodcaw has made the Dean's List at Southern State College in Magnolia for the fall semester with a 3.50 grade average.

Sherry is a senior physical education major and biology minor.

OIL AND GAS (From Page One)

equipped to pick up large metal containers which will begin a plan to use large 3 cubic yard steel containers in the downtown area. The large containers can be handled with power lifts, reducing the time and manpower for handling the trash, and the container system would help keep the downtown area free of paper and trash that gets scattered under the present method of collection. It is anticipated that a large part of the downtown area will go to a container system. The only places where hand pickup would have to continue would be in the narrow alleys where there is not room to place the containers.

The Street Department was authorized to secure prices on a

Woman Shot in August, Placed in Deep Freeze

TORONTO (AP) — Police say the woman whose body was found in a home freezer apparently had been shot in the head last Aug. 4, her birthday.

The woman's husband, David Wilfred Todd, 38, a truck driver, was ordered held without bail Tuesday pending further proceedings.

Todd has been charged with noncapital murder, an offense which does not carry the death penalty.

Mrs. Todd's body was found Monday night by curious youths under trays of food in the freezer. She had not been heard from since late July although

she was not officially reported missing until her mother, a resident of Burlington, Ont., went to police in December.

The discovery of her body came after Charles Cassidy, 21, his sister Catherine, 15, and their friends John Moore, 19, and Layne Jackson, 18, watched a television suspense program at the Cassidy home Monday night.

The program, in which a woman's body was found in a trunk, renewed their interest in a freezer brought to the Cassidy home when Todd moved in with the family in December.

Todd lived alone in a nearby apartment after his wife, Grace Evelyn, 34, disappeared but was invited to move in with the Cassidys when he was unable to renew his lease Dec. 1.

The young people said they had become increasingly curious about the freezer which was sealed with tape and which they had been ordered not to open.

John said the four opened it with the help of knives, bobby pins and a screwdriver.

The stunned body of Mrs. Todd, clad in shorts and halter, was in the bottom of the freezer.

John, who summoned police, called three stations before officers were dispatched to investigate.

"He kept telling them we had a body in the freezer and they didn't seem to believe us," Charles said later.

The young people said they had been instructed not to open the freezer because a device had been placed inside to check for a leak.

Catherine said the four were told Monday, by a refrigeration company that no such device existed.

"Ever since we opened that thing I've had the shakes," said John.

"It was a mad scene for a while. We were nearly out of our minds. We chased the girls away."

"Charles and I just grabbed each other when we saw her under the food trays. We couldn't believe it—we had been only kidding with the girls."

Traditionally, when a boy kisses a girl under the mistletoe, he must pluck a berry from the bough and give it to her.

Legendary Ireland Figure Dead at 90

ENFIELD, Conn. (AP) — Padraic Colum, who first absorbed the history, legends and songs of Ireland in front of his grandmother's hearth and later spun them through more than 60 volumes of poems, plays and children's stories, is dead at 90.

A product of the Irish literary renaissance of James Joyce and William Butler Yeats, Colum helped found the Abbey Theater and the Irish Review.

Colum and his wife, the late Mary Catherine Gunning MacGuire, a noted literary critic, came to the United States in 1914. He was an editor of the literary magazine Forum for many years and a president of the Poetry Society of America.

Both he and his wife taught

comparative literature at Columbia University and in 1963 Colum was named to the American Academy of Arts and Letters.

Colum died Tuesday night at a convalescent home here, where he had been a patient since the summer of 1970 when he suffered a paralyzing stroke while visiting longtime friends. He had finished about half his memoirs.

The funeral will be held Saturday at St. Patrick's Cathedral in New York City. Colum's body will be flown to Dublin for burial beside his wife.

Plant Closes Due to Pollution Law

SEATTLE (AP) — State ecology officials blame the uncertainties of federal antipollution laws for the decision by Weyerhaeuser Co. to close a pulp mill rather than meet pollution abatement requirements.

"If the state and the Weyerhaeuser Co. alone had addressed themselves to the problem, they would have found other meaningful solutions," state Ecology Department Director John Biggs said Tuesday.

"The key is intervention of the federal government into the state's programs," said another department spokesman. "Industry doesn't know what the federal government wants, and Weyerhaeuser was afraid it couldn't count on federal requirements."

The company announced Tuesday it would close its sulphite pulp mill in Everett, putting the jobs of 330 workers in jeopardy.

Established in 1936, the plant produces 310 tons of bleached sulphite pulp daily. Sulphite pulp is used for top quality products, such as bond paper.

But the plant pours 4.5 mil-

lion gallons of diluted untreated sulphite waste into Puget Sound each day, state ecology officials said.

In 1969 the state imposed a cleanup deadline by offering Weyerhaeuser three alternatives. It could install a recovery system that would eliminate 80 per cent of the waste, build a new plant or cease operations.

In announcing it had chosen the third alternative, Weyerhaeuser said it would close the plant by the May 31, 1973 deadline imposed by the state and would try to find jobs for the mill's workers.

Although a company spokesman noted that Weyerhaeuser had been unable to meet the state requirements "within the time frame available," another said confused and changing federal regulations "add still further uncertainty."

The Scott Paper Co., in what was called an unrelated move, announced it will slash its pulp production in Seattle in half beginning Feb. 7. Scott cited "a growing surplus of pulp in the world market."

Between 8 a.m. and 4 p.m. Monday thru Friday

Calendar of Events

Thursday, January 13

The Hope B & PW Club will have Southwest District Director Mabel Pittman of Magnolia as the guest speaker when a dinner meeting is held at the Diamond Thursday, January 13 at 7 p.m. The Legislation Committee, Margaret Park, Ora Mae Moody, Nina Anthony and Norma Jean Delaney, are in charge of arrangements.

Explorer Post 92 of the Presbyterian Church will meet Thursday night at 7 o'clock at the Church.

The Hope Ladies Golf Association will meet at the Hope Country Club Thursday, January 13. Members are asked to bring a sack lunch, and golf will be played in the morning and the afternoon.

Friday, January 14

The Hope Iris Club will meet Friday, January 14, at 2 p.m. in the home of Mrs. Bennett Wood with Mrs. Ted Price, co-hostess. Members are asked to bring a line arrangement in values of green using bird accessories.

Saturday, January 15

A Spaghetti Supper will be held at the Hope Country Club Saturday, January 15, beginning at 7 p.m. Reservations must be made by noon on Friday, January 14. Call 777-4295, 777-3354, or 777-8227. This is the entertainment originally scheduled for January 14.

Monday, January 17

Training for all Cub Scout leaders in Hope and surrounding area will be held Monday, January 17 at 7 p.m. in the First Presbyterian Church. All Cub Scout leaders, committee men and women are urged to attend. For more information call 777-8119.

Wednesday, January 19

The Hope Junior Auxiliary will meet Wednesday, January 19 at 10 a.m. in the Chamber of Commerce office with an executive board meeting at 9:30 a.m. Please note the earlier meeting date.

Hope Duplicate Bridge Club

Three tables of players met for the Hope Duplicate Bridge Club on Monday, January 10 at the Diamond to resume their weekly gatherings following the holidays.

Two couples were in first place. Mrs. E.J. Whitman and Mrs. Marie C. Hendrix tied with Mrs. R.L. Broach and Mrs. Syd McMath.

Tea For Rev. and Mrs. Trussell

The Rev. and Mrs. Gerald Trussell were honored with a tea on Sunday, January 9 in the pastorial of the First Baptist Church with the church deacons and their wives hosting the occasion. This was to honor the Trussells on their 5th anniversary at the local church and to welcome them home from a tour of the Holy Land. Mrs. Trussell was presented a pink orchid.

Pink and burgundy was the color scheme used in decorations in the reception rooms. On the

MRS. JOHN DAVID POPE

On December 30 at Our Lady of Good Hope Catholic Church Miss Linda Louise Luck and John David Pope were united in holy matrimony. The bride is the daughter of Mrs. Steve Atkins and the late J.O. Luck, and the bridegroom is the son of Mr. and Mrs. V.L. Pope of Deridder, La. Father Joseph Enderlin heard the exchange of vows at the double-ring ceremony performed before an arrangement of spiral candelabra and greenery. Music was provided by Miss Juanita Nicholson of Denton, Tex., formerly of Hope. Steve Atkins gave the bride in marriage. She was attired in a formal-length gown of Alencon lace re-embroidered in pearls with a wedding-ring neckline and long sleeves. Her only jewelry was a strand of pearls, a gift of the groom. Her short veil of French illusion fell from a tiara of lace flowers and pearls. White roses centered with a white orchid formed the bridal bouquet.

Miss Maria Jones of Dallas, formerly of Hope, was the bride's honor attendant. She wore a formal-length gown of teal blue with a matching bolero. In her hair were white carnations and blue ribbon, and she carried a bouquet of the same flowers.

Robert Pope of Deridder, La., served his brother as best man. Ushers, who also lighted the candles, were James Luck, brother of the bride, and Michael Atkins.

For her daughter's wedding party, Mrs. Atkins wore a blue silk ensemble with matching accessories and had a white orchid corsage. Mrs. Pope, mother of the groom, wore green silk with matching accessories and had a yellow orchid corsage.

After the wedding, a reception was held at the home of the bride on the Washington Road. Candles lined the drive to the door, and inside the white floral decorations included carnations, roses and stocks.

Members of the wedding party and parents of the wedding couple received the guests, and Miss Gayle McGill of Fulton presided at the bride's book. She also invited everyone into the dining room, where they were served the wedding cake and punch from the bride's table enhanced in white and chocolate cake and coffee from the groom's table done in gold.

Members of the house party were Mrs. Rank Reese of Leesville, La., sister of the

groom; Mrs. Morrison McLelland of Prescott; Mrs. Mike Walters of Magnolia; Mrs. William Jones, Mrs. Kelly Walton, and Mrs. Hobart Shirley. For a wedding trip to Eureka Springs, the bride donned a navy tweed suit and pinned the orchid from her bouquet at her shoulder.

The bride is a graduate of Ouachita Baptist University and is currently employed in Hope. The groom, a graduate of McNeese University of Lake Charles, La., is employed by Continental Trailways in Shreveport.

Mr. and Mrs. Pope will be at home in Hope on the Washington Road.

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP) — Robert Wagner, wearing his producer's hat and carrying his salesman's case, is bustling around Manhattan this week—selling Bette Davis. Wagner, a film and TV star, now has produced a 90-minute film feature which he hopes will serve as a pilot for an intrigue series starring the veteran actress.

"I ran across the property—an eight page treatment—and I immediately thought it would be perfect for Bette," Wagner explained, one hand caressing a box holding a reel of his treasure. "It took a year and a half to develop but we made it, in London and Scotland. And Bette likes it, too."

The product will be seen Saturday night on ABC's "Movie of the Week." Bette, in black wig, plays the title role, "Madame Sin," a mysterious Eurasian femme fatale.

"I think the hook in the series will be to see if she can be outsmarted," the producer said, forgetting in his enthusiasm that he also plays a role in the feature.

Bob's most recent TV involvement was as a master burglar in "It Takes a Thief," which ran for 2½ seasons. But currently he is more interested in producing and directing than in acting.

NBC's contribution to Tuesday evening was a "White Paper" documentary showing the cruel living conditions in conflict-torn Belfast, emphasizing the effect the Catholic-Protestant troubles are having on children.

The documentary was shot by a team in Northern Ireland for a month. It was well photographed and its script effectively stressed the psychic damage to people caught in civil war.

While the Irish showed none of the physical disease, hunger and suffering seen among war refugees of Bangladesh, the impact of the hour was a closeup of the senseless destruction of war.

Meanwhile, ABC's "Movie of the Week" may have achieved some high point in nonsense. Called "The Night Stalker," it was a horror story, played deadpan, about a 70-year-old vampire loose in Las Vegas, killing women and stealing from the local hospital blood bank to quench his thirst. Darren McGavin, as one of those trash reporters who went out of style with "The Front Page," solved everything by driving a stake through the creature's heart.

Let us hope, it was not a pilot for a series, and let us think more kindly about that old black-and-white movie of "Dracula"—at least the blood was not in living red.

Peking Trip Successful

WASHINGTON (AP) — Presidential press secretary Ronald L. Ziegler is back from Peking after what he says was a highly successful advance trip to make arrangements for President Nixon's visit next month.

Ziegler said on his return Monday the advance party would report to the President before publicly discussing details of the 12-day trip.

Volunteer Support

WITH PRACTICED HAND, technician Cathie Bessinger operates centrifuge at the March of Dimes Prenatal Care Clinic in Lansing, Mich. Mrs. Bessinger, a Junior League member, is among the volunteers from leading women's organizations who co-sponsor prenatal care projects with the voluntary health organization. Their aim: improving the quality of life at birth and prevention of birth defects. January is March of Dimes month.

Helen Bottel Helen Help Us!

ANOTHER WAKE-UP GADGET

Dear Helen:

When I read the letter from the woman who is "Married to a Mechanical Monster Maker" I thought I'd die laughing, but really, it's no joke, not being able to wake up to the sound of an alarm. Here is a cheap, effective, harmless (?), simple solution:

Go to the nearest hock shop. Buy an old, old alarm clock, the kind with a bell on top. Wind it up. Tie it securely to the head of the bed (so it can't be jarred). Get a long piece of string. Put a hook in the ceiling right over the middle of your bed.

Now get a roll of your favorite newspaper and add a magazine for desired thickness (unless you take the N.Y. Times). Tie one end of the string around the middle of the rolled-up paper, balancing it to a nicety. Run the string through the hook in the ceiling and down to the alarm clock. Pull the papers up to the ceiling hook.

Wind up the clock, set the alarm (which of course is also wound), and make a loop in that end of the string. Put the loop around the key of the alarm (loosely) and go to bed. Sleep peacefully and rest assured that when the alarm goes off in the morning, your roll of papers is going to fall right on top of you...and I'll bet a stale doughnut against a yesterday's waffle that you'll wake up—

FAST. —ANOTHER

GADGETMAKER

P.S. Of course, if you toss and turn in your sleep, there's a better than good chance the roll will hit you square in the eye, nose or teeth. Those are the odds you have to take though.

Dear Gadget-Maker:

If the string breaks, you're in trouble, too. Anyway, a newspaper is better than the Sword of Damocles. —H.

Dear Helen:

I too am Shopping Mad!

The other day I bought a package of crackers that had a coupon on it. When I read the fine print on the coupon, I found it had expired a whole year before! It doesn't exactly make me happy to think I'm buying year-old merchandise from the grocery shelves. After all, crackers can get weevils and other bugs!

I've found this same problem with toothpaste, bottled goods, canned goods. And in the perishable department—well I can't count the number of times I've had to throw away "fresh" vegetables and fruit.

Someone told me that the lower the area is income-wise, the higher the prices at stores, and the poorer the products. We're retired, living in a project, and don't have much to spend. Neither are we eligible for food stamps though our income is at poverty level. We can't change stores, as we must walk.

Can't women somehow unite and complain so we won't have to

pay more and get less than wealthier people who can afford it? —M.H.

Dear M.:

If even a few of you at the project would offer proof of what you've told me to the local Grocers' Association, the Bureau of Weights and Measures, and County Health Offices, you'd effect change in a hurry. "Little people" have no idea how big their voices are when they band together. Try it! —H.

Dear Helen:

We have the solution for the "unmarried marrieds" who visit modern couples. Figuring it's really none of our business, and we like them, whether they've bothered with a license or not, we just haul out the sleeping bags, show them the doors to the bathroom and extra bedroom, and say "Goodnight." Whether they use one or two sleeping bags, one bed and one sofa, or only one bed is really none of our concern. And nothing to get upset about. —MODERNS

Wants Highway in South Ark.

LITTLE ROCK (AP) — Jack Coleman, candidate for Congress from the Fourth District, said that if Gov. Dale Bumpers calls a special session the need for a major highway in South Arkansas should be included.

Coleman said he met with highway department officials Monday to convey "my strong sentiments" about obtaining a highway for the southern portion of the state.

He said that highway officials told him the state Highway Commission will issue a comprehensive statement on the needs of the state soon.

Some State Basketball Tournaments Combined

By HARRY KING
Associated Press Writer
LITTLE ROCK (AP) — Six teams from Class AAAA and 10 teams from Class AAA will play in a combined state high school basketball tournament this year instead of having their own tournaments as they have the past two years.

The proposal to reduce the number of state tournaments from five to four was approved by school administrators on a vote of 153-66.

Officials of the Arkansas Activities Association said the votes on a proposal to determine an over-all state champion would be tabulated Friday. Many persons seemed to think the proposal would pass.

The tournament of champions would match the winners of AAAA-AAA, AA, A and B in addition to a fifth team. An amendment to the proposal guarantees that both AAAA and AAA will have a representative in the tournament.

For the past two years, AAAA and AAA have had individual tournaments.

The AAAA tournament matched eight teams that had just completed a double round-

Play Resumes at Saratoga

In the Saratoga invitational tournament in the boys bracket games Wednesday pair Foreman and Fouke at 6:45 p.m. with Murfreesboro and Spring Hill meeting at 9:15 p.m. In the girls bracket Murfreesboro and Fouke play at 5:30 p.m. while Spring Hill and Okolona meet at 8 p.m.

Seeks Players for World Team

LOS ANGELES (AP) — The World Hockey Association's teams have no players but "we're looking for at least four present National League players on each team and perhaps more," Bill Hunter, WHA director of playing activities, said Tuesday.

With 12 franchises, that would be at least 48 players from the NHL in the fledgling WHA which is scheduled to begin a 78-game season on Oct. 14.

Hunter, who is owner of the Edmonton Alta., WHA franchise in Canada, said the WHA plans to conduct a draft for players "at a very early date in a California city."

Asked whether NHL players would be included in the draft, he said, "I believe we must explore every level of hockey to procure the best talent to assure fans of major league hockey in our first season."

Hunter, asked to comment on reports that he WHA has signed some NHL players, said, "To the best of my knowledge—the best of the league's knowledge—no players are under contract."

He said the WHA would not approach any player who has a multiyear contract with another team. But he said the WHA would not respect the option clause that binds a player with a one-year contract to the same team for another season.

The WHA has not contacted players but players, usually through their agents, have contacted the WHA, Hunter said.

The WHA contracts will have no option clause and no substitute for such a clause, Hunter said.

Former TCU Athlete Dies

WACO, Tex. (AP) — Funeral services will be held Thursday for H. G. 'Heine' Prinzing, noted former Texas Christian University athlete, who died here Monday.

Prinzing, 74, graduated from TCU in 1920 after earning letters in football, basketball, baseball and track. He was hailed by the school as the first TCU athlete to earn four athletic letters during his four years at the school.

ULAR Winner Over Ozarks

LITTLE ROCK (AP) — Charlie Johnson scored 23 points and John Walker added 22 as the University of Arkansas at Little Rock ran its winning streak to four with a 84-75 victory over the University of the Ozarks Tuesday night.

The victory upped the Trojans record to 6-5. The Bobcats are 3-10.

robin schedule. All 15 teams in AAA qualified for the AAA tournament.

Under the new regulation, the top six finishers in AAAA will qualify for the tournament along with the top five teams in both the Eastern and Western divisions of AAA.

"We feel like this is going to make for a better tournament," said Lamar Cole of the Activities Association. "It was kind of ridiculous to have the same eight teams come back in and play the same eight teams they played in the double round-robin."

"We're getting the class of the state," said Jerry Hall, another association official. "For the life of me, I have never been able to see why a team with a 4-20 record would even want to come to the state tournament. This is eliminating that kind of team."

J. L. High, coach at Little Rock Parkview, said he did not know of any AAA coach who supported the plan.

"I can see their point," High said. "But, I don't think it's fair. It's not our fault they don't have enough teams."

Parkview won the AAA title last year.

"When we won it, we didn't feel like it was a cheap tournament," High said. "You won't find any AAA coaches who are for it, I guarantee you. That's

where our losses came from—AAAA."

Don Nixon, coach of Class AAAA Little Rock Central said he favored the combined tournament.

"Before, you had too many schools coming in with bad records," he said. "One team year before last in the AAA tournament had only won three games. Nobody is going to come out to see that. That kind of cheapens the tournament."

Nixon said that instead of a tournament of champions, he favored a single 32-team tournament.

He said the proposal to match the various champions gives the schools in A and B some advantages.

"For one thing, it gets the smaller schools in there," Nixon said. "The big schools eliminate themselves. The smaller schools will also have the advantage of scouting all of us and we'll still be fighting for our life. It seems a little bit loaded and one-sided."

The 32-team Class B tournament begins Feb. 25 and runs through March 4. The Class A tournament, which has 16 teams, will be played Feb. 28-March 4. The AA and AAA-AAAA tournaments will be March 6-11.

"There probably won't be but one satisfied party when it's all over and that's the team that wins," Nixon said.

Super Players Named for All-Star Game

NEW YORK (AP) — The American Basketball Association's three leading scorers, its top rebounder and its best playmaker have been named to the Eastern Division's starting lineup for the ABA All-Star game at Louisville Jan. 29.

Chosen to the team Tuesday in balloting by sportswriters and broadcasters from throughout the league were guard Charlie Scott of Virginia, forward Rick Barry of New York, forward Dan Issel of Kentucky, center Artis Gilmore of Kentucky and guard Bill Melchionni of New York.

The 6-foot-5 Scott, co-rookie of the year last season along with Issel, leads the league in scoring with an average of 34.9 points per game. The 6-7 Barry, a former ABA and National Basketball Association champion, currently is second with a 31.5 mark, just ahead of 6-9 Issel, the defending scoring champion, who is averaging 31.3.

The 7-2 Gilmore, an All-American at Jacksonville University last season, has the best rebound average, 18.5 per game and is 10th in scoring with a 22.5 average.

Melchionni, the smallest member of the starting unit at 6-2, leads the ABA in assists with an 8.1 average and is 13th in scoring with a 21.0 mark.

Gilmore was the top vote collector, receiving 62 of 64 first-

place votes and 262 of a possible 264 points.

Others selected to the East squad were center Jim McDaniels of Carolina, forwards Julius Erving of Virginia and John Briskier of Pittsburgh, and guards George Thompson of Pittsburgh and Mack Calvin of the Floridians.

The first 10 players of the West team will be announced Thursday.

Annual Winter Baseball Draft

NEW YORK (AP) — Major League baseball's 24 teams were to be linked by telephone with Commissioner Bowie Kuhn's office today for the annual winter free agent draft.

About 300 players—graduating high school and college seniors, and athletes drafted but unsigned previously—were expected to be chosen in the regular and secondary phases of the draft.

The Cleveland Indians, who had the poorest record in the majors last season, got first choice in the draft with the other teams following in inverse order of their 1971 finish. The world champion Pittsburgh Pirates got the last selection.

Some 272 players were chosen in the winter draft last year but none made it to the major leagues.

Hope Star SPORTS

Shula Is Not Worried Over Wilson's Talk

NEW ORLEANS (AP) — Don Shula, alias Joe Doakes, isn't "going to lose any sleep" over having his role in Miami's pro football success diminished by former Dolphin Coach George Wilson.

"I'm proud of our accomplishments over the past two years," said Shula. "And I'm very unhappy to hear these things coming from George. But, he's entitled to his opinion."

Wilson, commenting to the Miami News, claimed that Shula had little to do with the Dolphin rise to the Super Bowl. "It was a ready-made team," said George, "that any Joe Doakes could have coached."

Miami Owner Joe Robbie fired Wilson after a 3-10-1 season in 1969 and lured Shula away from the Baltimore Colts. The Dolphins were 10-4 in 1970 and made the playoffs in Shula's first year.

Miami has a 12-3-1 mark this season and Sunday plays the Dallas Cowboys in the Super Bowl.

Wilson also claimed in the Tuesday story that Shula could have advised him he might come to Miami because "he knew it 22 days before" the public announcement.

"I didn't know for sure I was going to Miami until the day it was announced to the press," Shula said, although admitting he was contacted 22 days before.

"The reason I did not contact George was that I was asked to keep the negotiations confidential."

Robbie appeared more disturbed at Wilson's comments than did Shula.

"George Wilson had basically the same talent two years ago," he said, "and he had a 3-10-1 record. "And, by the way, the first thing Don Shula wanted to know when we contacted him was if George was going to be fired if he (Shula) took the job or not. I told him he was."

Actually, only 19 players on Miami's current 40-man roster were around when Wilson got the axe. Among the starters acquired since Shula's arrival are wide receiver Paul Warfield, center Bob Demarcio, tight end Marv Fleming, Cornerbacks Tim Foley and Curtis Johnson, linebackers Mike Kolen and Doug Swift, safety Jake Scott, offensive guard Bob Keuchenberg and placekicker Garo Yepremian.

"I think Shula's coaching accomplishments in the past two years have been the greatest in football history," said Robbie.

Johnson for Cowboys

NEW ORLEANS (AP) — Former President Lyndon B. Johnson has sent Dallas Cowboy Coach Tom Landry the following telegram regarding Super Bowl VI:

"My prayers and presence are with you in New Orleans although I have no plans to send any plays."

President Nixon lined himself behind the Miami Dolphins last week when he suggested Miami Coach Don Shula use a slant-in pass to Paul Warfield against the Cowboys.

Pennsylvania Falls to Princeton

By ALEX SACHARE
Associated Press Sports Writer
When Chuck Daly took over as head basketball coach at Pennsylvania during the off-season, he inherited nine lettermen from a team which had been third-ranked nationally after compiling a 28-1 record—and its second straight 14-0 Ivy League mark in 1970-71.

What he didn't inherit was the two starting guards from that team, Steve Bilsky and Dave Wohl, both of whom graduated.

He could have used them Tuesday night.

Princeton, with guard Brian Taylor showing the way on offense and reserve backcourtman Reggie Bird providing the defensive spark, broke Penn's 30-game Ivy League winning streak with a 69-56 upset of the sixth-ranked Quakers at Princeton's cavernous Jadwin Gym.

Princeton, which is unranked is now 3-0 in Ivy play and 10-2 overall. Penn is 2-1 against league foes and 9-2 in all.

Bird, a 6-foot-1, senior who got to play because regular guard Ted Manakas had the flu, scored 15 points and stole the ball four times in the first half, twice getting uncontested lay-ups. Sophomore forward John Berger came off the bench to chip in another 15 points. Taylor, the Tigers' high scorer on the season, paced Princeton with 17.

"The key to the game was putting pressure on the ball with everything we had," declared Princeton Coach Pete Carril.

Which is where the departed Penn guards, Bilsky and Wohl, come in.

With those two quick guards in the lineup, opponents knew it would be futile to press the Quakers. But with a 6-7 Corky Calhoun, 6-5 Alan Cotler and sophomore Whitey Varga manning the back line, it's a different story.

Second-ranked Marquette, coming off its bruising one-point victory over South Carolina Sunday, traveled to Nevada and overpowered Nevada-Reno 82-55.

Bob Lackey scored 23 points, Jim Chones netted 19 and Larry McNeill added 18 as Marquette raised its record to 11-0. Charles Bush led Nevada, 2-11, with 18 points.

No. 12 Florida State outscored Mercer 20-8 in the final 6:28 to pull away to a 96-73 victory, giving Seminole Coach Hugh Durham his 100th college basketball victory. Reggie Royals scored 23 and Ron King added 22 for Florida State, now 12-2.

Illinois, ranked 16th, was upset by Big Ten rival Michigan 75-70 as all five Michigan starters scored in double figures.

Illinois led 34-33 at the half, fell behind 69-62 with 5:56 to go, then came back to within one but could not pull even. Ernie Johnson led Michigan with 19 points and Henry Wilmore added 17.

Sophomore George Gervin scored a basket with three seconds left to nudge Eastern Michigan past Duquesne 70-69, knocking the Dukes from the unbeaten ranks. Gervin led Eastern Michigan with 22 points while Lionel Billingly and John Wojdowski each had 18 for Duquesne, now 8-1.

In other major games, Mike Bantam scored 31 points to power St. Joseph's, Pa., past Rider 77-63; Michigan State shot 58 per cent from the field

Magnolia on Top, Hope Is Last in Dist. Cage Play

The Division 7AA basketball conference race got underway this past weekend and it really started off with a "bang". Magnolia's defending State Class AA champions and the pre-season favorite in 7AA were upset by the Camden Panthers 53 to 47. In other action Fairview defeated Hope 61 to 33; Ashdown downed Malvern 81 to 55; and Magnolia defeated Hope 75 to 47.

Camden's Panthers put together their best effort of the season with a 58 percent field goal shooting mark and out rebounded the Magnolia club 40 to 18. Jim Pickett scored 16 points for Camden, Andrew Pitts scored 19 for Magnolia.

Fairview's height completely dominated the Bobcats and the Cardinals had 10 players contribute to the scoring. Fairview controlled both backboards. Joe Roberson scored 19 points for the Cardinals. Larry Morrison scored 12 for Hope.

The Ashdown Panthers had a 56 percent shooting night and 25 assists for a school record in their conquest of the Leopards. Fred Gulley scored 23 points and David Pickett 20 for the winners. Ray Bailey scored 22 points for Malvern.

Magnolia rebounded Saturday night into the win column with a 75 to 47 win over Hope. Andrew Pitts scored 23 points for Magnolia. David Briggs scored 28 points for Hope.

The winner of the 7AA round robin schedule will qualify for one of the two state tourney berths from this district. The other teams will play a post season tourney to determine the other spot. Crossett is not playing in the round robin but will play in the tourney. Arkadelphia drew an opening game bye but will see action this week playing host to Camden on Tuesday night. On Friday night Ashdown will play at Hope, and

Malvern will play at Camden. On Saturday night Ashdown will play at Fairview, and Arkadelphia will play at Magnolia.

Three new faces appear in the varsity coaching ranks for 7AA basketball. Harold Alexander at Hope; Terry Gardner at Malvern; and Bobby Harper at Crossett. Other post are held by veterans Pat Foster at Fairview; Bill Dawson at Magnolia; Jim Peppers at Camden; Johnny Toombs at Ashdown; and Tommy Toggan at Arkadelphia.

Individual scoring leaders will be released in the top dozen starting next week.

7AA Standings	W	L
Ashdown Panthers	1	0
Camden Panthers	1	0
Fairview Cardinals	1	0
Arkadelphia Badgers	0	0
Magnolia Panthers	1	1
Malvern Leopards	0	1
Hope Bobcats	0	2

Phoenix Proves Bucks Not Invincible Either

By The Associated Press
The Milwaukee Bucks, who demonstrated their power by ending Los Angeles' record 33-game winning streak Sunday, now are protesting.

The Bucks, defending National Basketball Association champions, protested Tuesday night's 115-114 loss to Phoenix, a game that was decided when the Suns' Dick Van Arsdale sank two free throws after time had expired.

Van Arsdale was fouled by Oscar Robertson with three seconds apparently remaining. But the clock ran out in the confusion as officials Jerry Loeber and Paul Mihalic were

Racing Order Is Stayed

LITTLE ROCK (AP) — An order staying the state Racing Commission's revocation of the Southland Racing Corp. dog racing franchise at West Memphis was issued Tuesday by Circuit Court Judge Warren E. Wood of Little Rock.

The commission on July 15 adopted the order, to take effect Friday unless Emprise Corp., of Buffalo, N.Y., divested itself of all but 10 per cent of its stock in Southland.

Wood's order prohibited the order of the commission from taking effect, however, until a final decision is rendered in a lawsuit contesting the commission's order.

The judge entered the order following a hearing in which Southland asked for the stay.

The Racing Commission had voted to revoke the franchise following hearings on Southland's ties with Emprise, which owns about 46 per cent of the Southland stock.

signalling the foul. Van Arsdale went to the foul line—with no time showing on the clock—and hit the game-winning shots.

The Bucks' protest was based on an NBA rule which says, "whenever the game clock indicates zero, and although the horn has not sounded, time has expired."

Meanwhile, Los Angeles started a new winning streak, beating Detroit 123-103; Cincinnati ended a 14-game losing streak, edging Buffalo 109-107 in overtime; Chicago trounced New York 116-91; Seattle wall-loped Houston 141-126; Portland downed Baltimore 114-106, and Golden State took Cleveland 101-92.

Lost in the confusion of the controversial ending in the Phoenix-Milwaukee game was a career high 42 points by the Suns' Neal Walk and the fact that the Bucks' Kareem Jabbar fouled out for the first time this season.

Los Angeles, in resuming its winning ways, set a Cobo Arena record with 18 consecutive points in the third quarter to overcome Detroit despite 42 points by the Pistons' Bob Lanier. The Lakers' Wilt Chamberlain, the league's all-time leading scorer, collected his 12,000th career field goal and finished with 29 points.

Nate Archibald's 29 points, 21 after intermission, and Tom Van Arsdale's 21, helped Cincinnati nip Buffalo for its first victory since Dec. 11. Bob Kaufmann tallied 25 points for Buffalo and rookie Elmore Smith set a club record with 25 rebounds.

Bob Weiss' nine straight points in the third period and 24 over-all helped Chicago beat New York for the third straight time. It was the Knicks' fourth

consecutive loss. Spencer Haywood's 35 points and Lenny Wilkens' 24 helped Seattle register its fourth straight victory and overcome a 42-point effort by Houston's Elvin Hayes.

Golden State, behind Cazzie Russell and Jeff Mullins, who scored 24 points each, increased its winning streak to seven games—one short of its all-time record.

Geoff Petrie and Gary Gregor divided 50 points as Portland snapped Baltimore's six-game winning streak. The Bulls' Archie Clark scored 30 points and his teammate Wes Unseld grabbed 29 rebounds.

Redmond and Red Wings Hot

By THE ASSOCIATED PRESS
Mickey Redmond is red-hot—and so are the Detroit Red Wings.

With Redmond scoring his 18th goal in the last 13 games and, assisting on another, the Red Wings posted their seventh straight home-ice victory, thrashing the Philadelphia Flyers 5-0 Tuesday night.

The string equalled Detroit's best at Olympia Stadium since the 1965-66 season and extended Philadelphia's winless streak on the road to 15.

Redmond, who scored a total of only 20 goals last season with Montreal and Detroit, rammed in his 23rd this season on a power-play in the second period. His linemates, Al Karlander and Alex Delvecchio also scored as did Tim Ecclesstone and Danny Johnson, while goalie Al Smith fashioned his second shutout of the season.

The victory boosted the Red Wings to within six points of fourth-place Toronto in the East Division.

Olympic Winter Games

SAPPORO, Japan (AP) — The village for the 1972 Winter Olympic Games in Sapporo, Northern Japan, was officially opened today—and organizers immediately closed competition

in the second half to overcome Wisconsin 83-76; Rick Williams' 24 points sparked Iowa past Northwestern 76-67; Texas upped its record to 7-3 by beating Oklahoma State 67-61, and West Texas State got 33 points from its captain, Ralph Houston, and downed Drake 87-78.

Also, Detroit's five starters all hit double figures as the Titans whipped St. Francis, Pa. 101-82; St. Bonaventure won its seventh in nine outings by topping Xavier, Ohio 71-50; Alabama sank 61 per cent of its shots from the field to beat LSU 101-80, and Sam Simmons scored 22 to push Bradley, 9-4, past St. Cloud State 99-76.

courses because of rain damage. Officials said rain from a tropical storm badly damaged snow and ice on the bobsled, luge and Alpine ski courses. But they said the courses would be repaired in time for the Olympics Feb. 3-13.

The rain began Tuesday and was still continuing 24 hours later. The weather bureau said 0.35 inches of rain was recorded.

An estimated 800 government officials, foreign diplomats and athletes attended the opening ceremony of what will be the first Winter Olympics to be held in Asia.

In 1964, Tokyo hosted Asia's first Summer Olympics. Flags of the 35 competing nations were raised during the ceremony. Athletes from four nations—Australia, Canada, Nationalist China, and Japan—

were the first to register at the village, which sprawls over 140,000 square meters.

There are 18 five-story apartment houses for male athletes and two 11-story buildings for women competitors. Officials expect 1,800 officials and athletes to occupy the buildings.

In addition, the village has a cafeteria to serve a variety of meals, a medical clinic, banks, a shopping center, theater and recreation rooms.

Baylor Adds Davidson

WACO, Tex. (AP) — Baylor University's new coach, Grant Teaff, finished naming his staff Tuesday with a choice of former professional quarterback Francis "Cotton" Davidson as receiver coach.

Davidson, 40, formerly played at Baylor. He finished his pro career with the Oakland Raiders as a player-coach in 1970.

A Gainesville native, Davidson quarterbacked the Baylor Bears in 1962-63. He was the Baltimore Colts' first choice in the National Football League draft and was traded to the Dallas Texans before going to Oakland.

UNDER-HANDED
The 1976 men's fast pitch softball world championship will be held in New Zealand. The 1972 tournament will be in Manila, the Philippines.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Lilly Doesn't Deal in Personalities

By WILL GRIMSLEY
AP Special Correspondent
NEW ORLEANS (AP) — "I don't hate anybody," said big Bob Lilly, the demon of Dallas' doomsday defense. "I don't see personalities out there. I see figures, like men on a chess board."

"They want to come on my side of the field. My job is to see that they stay on their side of the field."

Simple, impersonal geometry characterizes the game philosophy of this pleasant, soft-speaking giant who throws his 260 pounds of muscle against pro football's best rushing offense, that of the Miami Dolphins, in Sunday's Super Bowl.

Lilly, a 6-foot-5 tackle with the grace of a ballet dancer and the quickness of a jungle cat, is the Cowboy most feared by the Miami Dolphins—by their own almost unanimous admission—in the championship spectacular.

"I rate Lilly with Alan Page of Minnesota—they're the greatest linemen in pro football," said Miami's Coach Don Shula.

The Miami players view him with such awe and respect that they refuse to call him by name. In referring to Dallas' tackles, they say "Jethroe Pugh and that other fellow."

"We don't want to make him mad," said Larry Csonka, one half of Miami's formidable running combination.

"You can't run at him and you can't run away from him—he's the quickest man I ever saw off the mark," added the other half, Jim Kiick.

Lilly is not in the tradition of pro football's defensive bonecrackers such as the late Big Daddy Lipscomb ("I just grab a handful of people and peel'em off until I come to the one with the ball"), Big Ben Davidson of Oakland and Dick Butkus of Chicago.

Despite his 6-5, 260-pound chassis, he doesn't give the appearance of monstrous size. A full shock of copper-colored hair curls around the base of his neck. He has shoulders of a blacksmith and arms that resemble wagon ties.

"I got them from bailing hay and kicking cows where they sit down," he explains with amusement. "I never lifted weights. When I was in the eighth grade I was a skinny 6-3 and 155 pounds. Then one day I woke up and I was big as a barn door."

Lilly grew up in Throckmorton, Tex., a town of 1,000 where his father was a mechanic and drove a mail truck. Stories of his super-human strength are legion in Texas—most of them exaggerated.

There is the tale about how in 1957 when he was a freshman at Texas Christian he drove to a parking lot to find a Volkswagen in his allotted spot. So he picked up the foreign car and planted it on the sidewalk.

"It wasn't exactly that way," he said. "I picked up the front part and moved it and then I picked up the back part. I put it on the sidewalk, all right, but by degrees."

He doesn't deny that as a youngster he used a wrench to take out the cylinder heads of an automobile and juggle them

Has Highest Seat for Super Bowl

By JIM BARLOW
Associated Press Writer
HOUSTON (AP) — When the Dallas Cowboys meet the Miami Dolphins in Super Bowl VI Sunday, Lee M. Cermak will be serenely above it all in his super seat, the Goodyear blimp America.

For Cermak, 42, an aeronautical engineer who has been piloting the blimp for nine years now, it will be the end of the bowl road. He has already piloted the big bag full of helium over the Rose, Sugar, Cotton and Orange bowls as well as four-score of lesser college and pro football games.

Millions of television viewers at home know about the blimp. It's the airborne TV camera platform that gives them those overhead shots of the field when the golden throat in the announcer's booth says, "Now for a great view of things, let's go up to the blimp."

Take it away, Lee Cermak. Actually, as you probably guessed, there is a bit more to it than that.

It starts off here in Houston where the America winters. Goodyear has other blimps in Florida and California but the America is closest to New Orleans so she gets the job. Because when you're flying blimps, distance gets to be a bit hairy.

Houston is just 268 nautical miles from New Orleans but Cermak is going to have to start early. He figures it will take the America two days to make the trip.

The America is a stout ship, Cermak says. She can stay in the air for 20 hours at a time, come very close to hovering over one spot, and gives the kind of ride that a Rolls-Royce would envy.

But she can only cruise at 35 miles per hour with a top speed of 50 m.p.h. Getting there is not always half the fun.

Also, a blimp just can't land at your friendly neighborhood airport. She needs a tall mast to hook onto, or she'll go skittering across the fields with a bit of wind.

The America's journeys take on some of the aspects of those old Keystone Kops movies.

Her 15-man ground crew rolls her out of the giant Houston

as if they were tennis balls. Lilly scoffs at the suggestion that he is a killer on the field. His coach, Tom Landry, says he is better this year because he is meaner.

"Maybe," says the powerful Texan, who is as surprised as anybody that he hasn't retired and gone into the real estate business. "But I don't feel mean."

"It's hard to hate a guy that you meet on a Sunday afternoon and won't see again for a year. I never try to kill anybody. I see chances where I can tear up a knee or plaster a face, but I don't take advantage of it."

"These guys are just shadows out there to me—they aren't people that I have a personal animosity for or anything like that. It's just an assignment."

"It's sort of a game. I like to try to figure out what they think my weakness is and then fool them. I try to set up the other team sometimes two weeks in advance."

hanger and off she goes. Then they work frantically for an hour, loading the huge mast on a trailer truck, most of the crew pile into a bus, and off they go in pursuit.

The ground crew must stay within 35 miles of the blimp, just in case she has to land. They get to the stopping place that night and set up to await the America.

But sometimes it isn't that simple.

"Sometimes we may get a good head wind and we will be making only five miles an hour of true ground speed," Cermak said. "Then the ground crew stops off in every town they come to and go shopping and get a cup of coffee."

In New Orleans, Goodyear loads into the America their own special color camera they developed after having networks show up with cameras that won't fit through the doors of the cramped gondola.

On the day of the Super Bowl, if the ceiling doesn't drop below a thousand feet and if there aren't any high winds, off the America will go with Cermak, a network cameraman and a network technician aboard.

And now they are at the mercy of the television director.

"The director wants you at a certain time and a certain place and that isn't always easy if you have light and variable wind conditions," Cermak said. "So you practice to make sure you can do it, then at the last minute the director changes his mind and you are out of position."

But sometimes, he adds, if the wind is blowing 20 m.p.h. or so, he just heads into it, cuts down the speed of the two big engines on the blimp, and hovers like a big bird over the stadium.

The color camera has a high-power super-zoom lens that can pick out those instant replays with the best of them. The signal flows from the camera to a microwave transmitter hanging on the bottom of the America and then down to the man who must have the dullest job in the stadium.

"It's just like being in a sailing ship in a three dimensional sea," Cermak says of the 192-foot long flying sausage. "You just float through the air on your own little wave."

ASTRO-GRAPH BY BERNICE BEDE OSOL

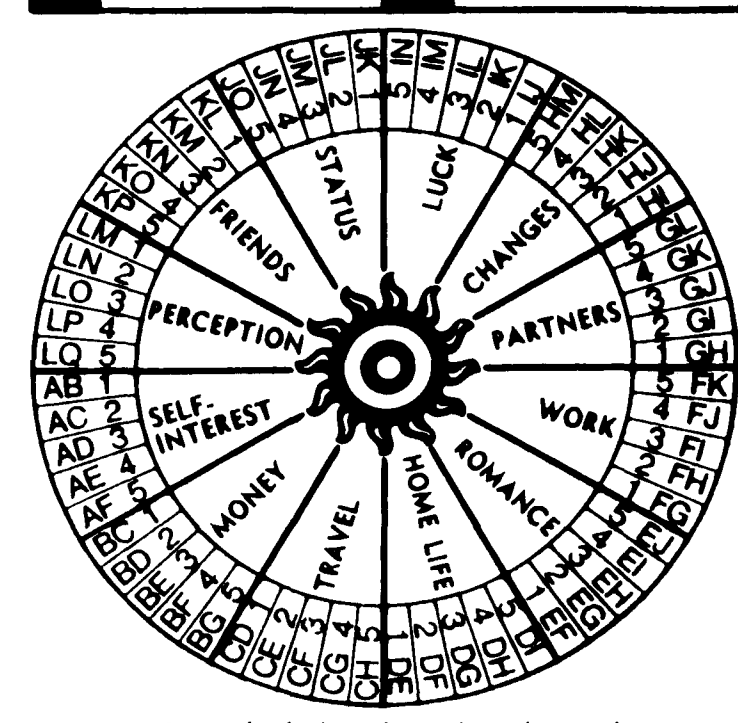

January 12, 1972

Today in general: Good to tie-up loose ends, complete long-standing projects. If ignored, old issues may pop up inconveniently in near future. Words to live by today: PERSEVERANCE and PERSISTENCE

ASTRO-GRAPH divides your horoscope into 12 sections. Match letters under your sign to letters in ASTRO-GRAPH below. Adjacent number tells what your letters mean:

1—Excellent 2—Favorable 3—Average 4—Caution 5—Unfavorable

ARIES (Mar 21-Apr 19) AC-BE-CH-DF-EF-FJ GL-HK-IL-JL-KN-LN	LIBRA (Sep 23-Oct 23) AB-BE-CE-DG-EF-FJ GI-HK-IN-JL-KL-LP

Memphis Pros Edge Chaparrals

By THE ASSOCIATED PRESS

The Dallas Chaparrals were within a minute of salvation from last place in the West Division of the American Basketball Association but George Lahmann got away from them.

Lahmann hit four points in the last minute as the Memphis Pros edged the Chaps 86-86 Tuesday night.

The Chaps needed a victory to drop the Pros into last place and had the lead for most of the game.

Memphis staged a comeback, tied the game with 1:17 remaining and Lahmann hit a 15-foot jump shot and a layup for the Pros' final points and the victory.

In other ABA games, New York defeated Utah 110-104 and Indiana topped Denver 114-99.

The Memphis player Dallas was watching was center Randy Denton who scored 16 points in the final quarter and whose foul shot tied the game at 84-84.

Denton led the Pros' surge from a 47-37 halftime deficit and finished with 26 points.

Lahmann finished with 14.

Rich Jones added the Chaps' last two points with 19 seconds in the game but Steve Jones

missed a three-point attempt at the buzzer. Donnie Freeman led the Dallas' scoring with 19 points.

Utah came back from 10 points down at the half to scare the New York Nets before Rick Barry and company pulled out a victory in the last four minutes. Barry scored 14 points in the final quarter and 33 for the game for New York.

Bill Melchioni had 24 points for the Nets and John Roche had 18. Zelmo Beaty led the Stars with 23 points. Jimmy Jones had 19 and Willie Wise 18.

Indiana scored 71 points in the second half as it rolled over Denver. Roger Brown scored 27 points and was joined in double figures by teammates Bob Netolicky with 18, George McGinnis 22, Freddie Lewis 19, and Mel Daniels 17. Ralph Simpson paced the Rockets' attack with 24 points.

SPORT SHORTS
By THE ASSOCIATED PRESS
CLEVELAND (AP) — The 1972 Ohio Derby at Thistledown will have a guaranteed purse of \$100,000 with the winner receiving \$63,000. Mike Mackey, racing secretary at the track, announced Tuesday.

He said the purse for the 38th running of the 1 1/4 mile derby June 17 would be the largest ever offered in Ohio.

Plans Official Visit

BISHOP KELLER JR.

The Rt. Rev. Christoph Keller, Jr., the Bishop of Arkansas will pay an official visit to St. Mark's Episcopal Church Sunday evening, January 16, at 7:00. The Bishop will preach and celebrate the sacraments of Baptism,

Confirmation, and the Eucharist. The entire community is invited to hear Bishop Keller and to enjoy the pageantry of this beautiful service. A pot-luck supper will be served in the Parish Hall following the worship.

Many Lunar Issues Remain Unsettled

By HOWARD BENEDICT
AP Aerospace Writer

SPACE CENTER, Houston (AP) — The Apollo flights have resolved many of the moon's secrets, but lunar scientists still argue over many key questions: How was it created? Do volcanoes exist there?

Leading moon experts debated the questions openly Tuesday at the third annual Lunar Science Conference being held here. More than 700 scientists are attending from 18 nations.

The sharpest exchange came on the volcano issue.

"The hope of finding volcanoes on the moon at the present time is wasted motion. The moon is a dead body," declared Dr. Thomas Gold of Cornell University.

"I think it's dangerous to take such a dangerous view at this time. Words like no or never have ways of putting the speaker's foot in his mouth later on," retorted Dr. Gary Latham of Columbia University.

Latham triggered the debate when he reported there is " tantalizing" evidence of a recent

volcanic eruption on the moon. He said seismometers replaced by Apollo astronauts are recording 600 to 800 minor moonquakes a year.

"It was preceded by swarms (small seismic shudders), and then activity stopped abruptly," Latham explained. "There's only one kind of event that behaves this way on earth and that's a volcano."

But Gold jumped in to defend his long-held theory of a dead moon.

"There is not the slightest hot region on the moon at this time," he said. "It's childish to think otherwise."

Neither man gave ground. Each said additional study of Apollo data and that to be gathered by Apollo 16 and 17 later this year would prove his point.

Youth Killed in Ireland

BELFAST, North Ireland (AP) — A youth was found shot to death today in a house in Belfast and sources said he may have been killed by an Irish Republican Army disciplinary squad.

The boy of about 16 was found in a pool of blood in the house in New Barnsley Park, an IRA stronghold. A pistol was beneath his body and another one was hidden in a couch in the living room.

A statement, reportedly from the Belfast IRA, said the boy's death was an accident but gave no explanation.

It was the 209th violent death in the British-ruled province since the fall of 1969 and the third this year.

British troops raided six homes in another IRA stronghold in Belfast, New Lodge, seized 1,049 rounds of ammunition and 13 guns, and arrested seven men.

A provincial government spokesman said that guns are being issued to ministers of the Northern Ireland government so they can defend themselves and their families.

No Dogs When Place Raided

CORPUS CHRISTI, Tex. (AP) — Mike Childers, director of Guard Dog Security Systems Inc., said Tuesday there were no dogs in his office when it was raided by burglars Sunday night although there were dogs in kennels adjacent to the premises.

Police originally reported that the burglars entered while a guard dog was on duty. Some \$365 worth of office equipment was stolen.

Bill's Author Explains Intention

LITTLE ROCK (AP) — The author of a bill requiring popular election of 80 per cent of the Democratic National Convention delegates said Tuesday night it was his intention for a runoff to be held in cases where no candidate receives a majority of the vote.

Rep. Ode Maddox, who sponsored House Bill 211, which became Act 347 of 1971, said it was his intent for the election "to be held like any other election with the two highest men in a runoff" if neither received a majority.

The state Democratic party has ruled that no runoff would be required in the election of delegates in races where no candidate receives a majority.

Circuit Court Judge Warren E. Wood of Little Rock said Monday his "first impression" was that the Democratic party rule on the selection of delegates was valid.

Wood told attorneys in a lawsuit testing the rule that he did not believe the 1971 legislature intended for runoff elections to be held.

At issue is whether the 1971 legislature, in passing the law, intended there to be runoffs. The Democratic State Committee concluded that runoffs were not required, adopted the rule and filed the suit to test its validity.

The law sets the election for June 27 and runoffs could not be held until July 11, which is a day after the Democratic National Convention begins. A court ruling that required the runoffs apparently would necessitate legislation by a special session of the General Assembly to change the law.

Maddox said he thought most other legislators felt as he did but added he had not discussed the issue with anyone. "It just never crossed my mind," he said.

Telephone Rate Hike Protested

LITTLE ROCK (AP) — Gov. Dale Bumpers heard protests Tuesday from about 20 persons from Greene, Clay and Randolph counties to a rate increase by Four States Telephone Co., a subsidiary of General Telephone Co. of the Southwest.

The group included mayors of the Northeast Arkansas counties and state Sen. Burrell Thompson of Paragould, and state Rep. Jesse Hayes of Pocahontas.

The state Public Service Commission authorized a rate increase for the telephone company last year, contingent on improvement in service. Circuit Court Judge Warren E. Wood of Little Rock later held that the PSC had no right to make a contingent award of a rate increase, and members of the three-county group said customers were given first notice Dec. 29 that the rate hike was going into effect.

They said some bills increased by 100 per cent.

Bumpers said it appeared the time had elapsed for an appeal of Wood's decision to the state Supreme Court.

Opposes No Fault Plan

LITTLE ROCK (AP) — Members of the state Trial Lawyers Association told Gov. Dale Bumpers Tuesday they were opposed to adoption of no-fault automobile insurance in Arkansas.

Henry Woods of Little Rock, president-elect of the state Bar Association, told the governor that no-fault insurance probably was unconstitutional under the Arkansas Constitution, and that the eventual effect would be to drive up rates rather than lower them.

He said the no-fault system negated the concept that a person should be held responsible for his acts.

The governor said he was not "hung up" on no-fault insurance, a system involving settlement of claims without fault having to be established. But he said he wanted to study the possibility of its adoption in Arkansas.

Bumpers said he wanted to reduce the high cost of automobile insurance in Arkansas, but he did not want to abolish the right of the people to go to court to obtain just compensation for injuries or damages.

When Caught Between Doldrums, Daydreams

By HAL BOYLE
NEW YORK (AP) — These are the days when we are caught between the doldrums and our daydreams. If man were a sensible creature he would hibernate, as do the jumping mouse, badger, bat, woodchuck, chipmunk, bear, and some ground squirrels. What a commonsense solution to the problems that this time of winter brings—frigid weather and unpaid bills—by snoozing the days away in a warm cave or fur-lined motel. But, no. Man must ever be up and doing.

The snow falls on him, the wind blows him blue, the boss upbraids him, the children deride him, his wife snaps at him—and his spirit is dolorous. He would drown in his doldrums except for his daydreams.

It is only our daydreams now that keep us at all sane. A fellow is safe if he can close his eyes and for a moment imagine what fun it would be to—

Be a beach boy on the island of Bali.

Reform a werewolf in Transylvania and teach it to drink cola—not blood—through a straw.

Milk a sea cow.

Get an octopus to do all those jobs that a guy with only two

hands can't get done. Saddle a sea horse. Shiver your timbers. (Just how does a man go about shivering his timbers anyway?) Bark up the right tree. Get the garter concession in a Turkish harem. Tack up a sign on the North Pole saying, "I was here, Killroy. Was you?"

Mutter the unutterable. Put a mare's nest on the desk of every office bureaucrat in America who prides himself on how neat a desk he keeps.

Send a telegram to Gen. Custer warning him that the Indians think he needs a haircut.

Make money grow on trees—just to please housewives whose husbands tell them it doesn't.

Petition the government to print its paper money in red ink instead of green. Then maybe people would stop before they spent it.

Buy the Statue of Liberty a bright new dress to wear when spring comes.

Yes, since we can't hibernate in inclement times, we need our daydreams, now and forever. Take away their daydreams and all men would go mad.

Matter exists in four states—solid, liquid, gas and plasma, the last being a dense cloud of ions and electrons.

Democrats Campaign Hard for Florida Vote

By THE ASSOCIATED PRESS

Two of the dozen Democrats entered in Florida's presidential primary prepared for a second day of campaigning in the state today and waited to see whether the field would diminish.

Sen. Hubert H. Humphrey planned to visit a black neighborhood and attend a senior citizens' dance in St. Petersburg.

Sen. Vance Hartke moved into Miami today, continuing the Florida campaign he kicked off with a burst of confidence in Tallahassee Tuesday.

"I will win in Florida as I will win in New Hampshire," said the Indiana Democrat.

Florida Secretary of State Richard Stone announced a list of 12 to be on the Democratic ballot in the March 14 primary, but any one may remove his own name from the ticket by filing a declaration of noncandidacy by Feb. 15.

In Washington, a spokesman for Sen. Edward M. Kennedy said the Massachusetts Democrat would file the affidavit to get out of the race.

Stone said he suspects Rep. Wilbur D. Mills of Arkansas also may order his name stricken from the ballot. Alabama Gov. George C.

Wallace, who ran as an American Independent party candidate in 1968, was expected to announce in Tallahassee Thursday that he will stay in the Florida primary.

In the North, Republicans prepared to open campaign headquarters in Concord, N.H., for President Nixon.

Transportation Secretary John A. Volpe, will preside at the ceremonies Thursday after meeting with former New Hampshire Gov. Lane Dwinell, the Nixon campaign chairman in that state.

There were these other developments in presidential primary states Tuesday:

Ohio—Humphrey announced plans to campaign there Jan. 18 and to offer a full slate of 153 delegates in the May 2 primary.

Illinois—Sen. George McGovern of South Dakota will offer full delegates slates in up to 17 of the state's 24 congressional districts, although he currently plans none in Chicago. McGovern did not enter the preference primary which binds no delegates. His slates of candidates for convention delegates would be pledged to him.

Wisconsin—Campaigning in

Pulaski, Sen. Edmund Muskie was reminded of his statement that a presidential ticket with a Negro couldn't win this year. An Indian girl asked whether he thought a ticket with an American Indian candidate could win.

"It's not proven yet if a Polish-American can be elected," said Muskie, referring to his own ancestry.

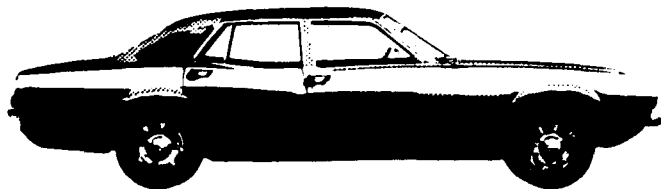

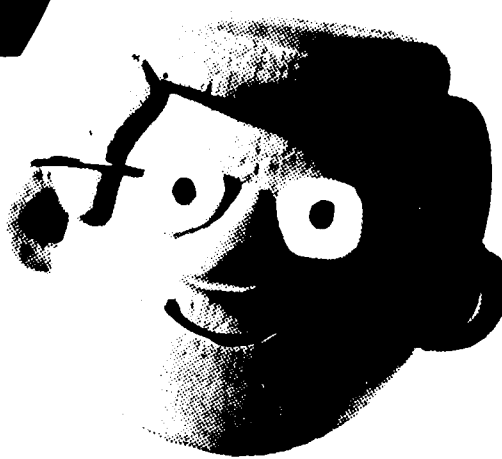

New York—Sen. Henry M. Jackson of Washington appointed Robert A. Low, a former city councilman, as his state campaign chairman.

Communists Seek Members

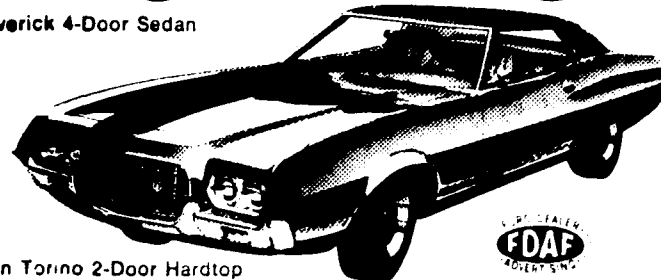

LOS ANGELES (AP) — The head of the U.S. Communist party says the party may start issuing membership cards again after a lapse of more than 20 years.

General Secretary Gus Hall said cards were abolished because of harassment from the government. He said the party, which claims 12,000 members, is considering issuing them again because of requests from younger members "who are not intimidated by the forces of oppression."

"Fords priced less than a year ago!"

Maverick 4-Door Sedan

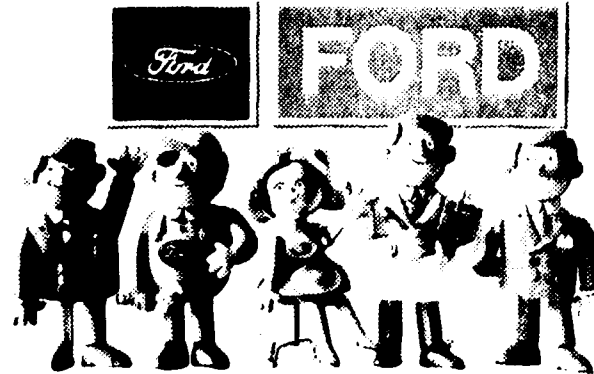

Gran Torino 2-Door Hardtop

And what else is?
Not much, you'll agree!

But you can drive home most '72 Fords for less than the same car's '71 sticker price! And you get an even better car: A big Ford with quiet plus. An all-new Torino, best-built, best-handling, roomiest mid-size Ford ever. A sporty Mustang "driving machine." A choice of thrifty, highly reliable Mavericks.

Come take your pick. Discover the ways your Ford Team's bucking the trend by offering more for less money in '72!

Student Sells Stock Worth Some \$200,000 Without Giving Penny

NEW YORK (AP) — Abraham H. Treff, a smooth talking college sophomore, says he persuaded six prominent brokerage houses to buy \$200,000 worth of stock in his name without ever putting up a penny in cash.

Treff said his purpose was not to get rich but to show that the rules of the New York Stock Exchange are not always enforced and that some brokerage firms will ignore sound business practices to obtain commission revenues.

Treff, who lives in Philadelphia where he attends St. Joseph's College, said the idea for the project grew out of a discussion with classmates about consumer protection.

He telephoned brokerage firms listed in the Yellow Pages of the Philadelphia telephone directory. At least a dozen turned him down when he asked to enter stock orders without first appearing in person.

But six firms did make purchases for him, although he never appeared in person at their offices and never signed any papers to open an account, he said.

In each case he received a printed confirmation of the purchase listing the amount he owed, but in no case did he receive physical delivery of the stock certificates.

Payment for purchases is normally due five business days after the trade is executed, but Treff's confirmations indicated that in most cases his accounts were carried somewhat longer before he sold the position or the brokerage sold it for him.

When his last speculative position was sold last week, he wound up with no net gain. On Monday he reported his dealings to the New York Stock Exchange.

An exchange spokesman acknowledged that Treff had presented documented evidence of the transactions but also said he had been spotted earlier by NYSE "stock-watch procedures" and his name referred to the Securities and Exchange Commission for investigation.

Treff said he gave each of the six firms a bank reference but keeps only an average of \$400 in the account—too little, he feels, to warrant stock purchases involving thousands of dollars.

"If they did check my bank account, I don't see how they could have justified making those transactions for me," he said. "It's hard to believe they did any checking at all."

Cub Scout Pow Wow Is Planned at Texarkana

TEXARKANA, Tex. — Cub Scout leaders from 66 Caddo Area Council Cub Scout Packs are being invited to attend the 1972 Cub Scout Pow Wow in Texarkana Jan. 29.

Roy C. Freeman of Texarkana, general chairman of the event, said the Pow Wow is designed to aid cubmasters, assistant cubmasters, den mothers, den leaders, coaches, Webelos den leaders, pack committeemen and interested parents in learning more about how to do their Cub Scout jobs more effectively.

Jim Gary of Hope has been named chairman of the pack administration section of the Pow Wow.

Subjects to be covered in the 1-5 p.m. meet at the Texas National Guard Armory, 1420 So. Park Rd., near Spring Lake Park, will include games for Cub Scouts, skits and puppets, crafts for Cub Scouts, Pack administration, Webelos den operation and blue and gold banquets.

Cub Pack leaders from this area include Alfred Haddix Jr., Howard D. Cofield and Edward White Jr., of Hope; Gene M. Ross of Emmet, and Wayne Bell of Blevins.

"All Cub Scout workers in the Caddo Area Council are urged to make a special effort to attend this important event," Freeman said.

"A fifty-cent per person registration fee and a little time are the only investments required to give all adult Cub Scout workers in the Council a better insight into the operation of a Pack," says Freeman. He urged area Pack workers to "bring a carload from your Pack and participate in this opportunity to hear new ideas and gain insight in ways to be better leaders."

The Negro Community

By ESTER HICKS

Let's Reflect
I'm so glad I'm back home I'm glad I went. Selected from Apples of Gold.

Calendar Of Events

The Cottillion Federated Club will hold its first meeting of the 1972-73 season Friday, January 14, at 7:00 p.m. at the Community Center on East Third street.

All members are urged to be present. Secret Pal names will be drawn, and other important business pertaining to the ensuing year's program will be discussed. Mrs. E.S. Conway, President, Mrs. A.B. Yerger, Reporting.

Anna P. Strong Annual Christmas Party Held At Douglas Building

The Spring Group, Mesdames Jewel G. Butler, Alphonso T. Denham, Katie Harris, Leona Hill, and E.M. Nelson, hosted the annual Christmas party of the Anna P. Strong Federated Club, held at the Douglas Building.

Practically the entire club membership was present. Guests included: Mrs. Queen Hughes, Mrs. N.A. Tyus, Mr. and Mrs. Charles Primus, Mrs. L.L. Robinson of Milwaukee, Mrs. A.B. Yerger, Mrs. Eliza Marshall of Texarkana, James Butler of Texarkana, Mrs. Dollie Hicks, Harold E. Conway, Mrs. Ethel Bizzell, Mr. and Mrs. Tommy Love of Washington, Mrs. Atherlene Reed, Mr. and Mrs. George Stroughter, Mr. and Mrs. Leo Smith, Sr., Mrs. W.C. Lowe, Benny C. Mitchell of Blevins, Mrs. Leona Nelson, Monroe Hardemon, Mrs. Cynthia Hicks, Mrs. Margaret Wilson, James Bradley, Mrs. L.N. Tate, W.L. Bazelle, Mr. and Mrs. Gibson, Miss Rosie Walker, Mrs. Lucy Young, Debbie L. Harris, Mr. and Mrs. Charles R. Cooper, Mrs. L.J. Yerger, C.G. Carmichael, W.V. Lutherford, Mrs. Minervia Jordan.

Games were played, refreshments served, and gifts were exchanged. Mrs. Estelle Bearman, President.

Holiday Guests

For Mrs. Ola P. Graham and family, the Christmas season was brightened by the visit of Rev. A.K. Patton, Pastor of St. John Baptist Church in Kansas City, and Ronald Washington of St. Louis. Rev. Patton and Mr. Washington were special guests

Extradition Is Waived

CEDAR RAPIDS, Iowa (AP) — An Arkansas prison escapee who sought refuge in Iowa Tuesday waived the extradition he has unsuccessfully fought and will be returned to Arkansas.

Action regarding his return was made in Linn County District Court.

Roy Childers, 28, walked away from a minimum security facility at Arkansas State Police Headquarters in Little Rock last June and was arrested here the next month.

Childers originally claimed he would be killed if returned to the Arkansas prison where he once served as a trustee. He claimed his having been a trustee places his life in jeopardy from other convicts.

He was free on bond while Gov. Robert Ray ordered a special investigation into the condition of Arkansas prisons. A federal judge in Arkansas had severely criticized that state's penal institutions.

A report was later issued to Ray stating that prison conditions had improved, and based upon that report Ray said he had no alternative but to comply with Arkansas' request for Childers' extradition.

Childers then contended he would be subjected to "cruel and inhuman treatment" if he were returned.

Childers' attorney also filed an application for a writ of habeas corpus.

However, Childers appeared in Linn County District Court here Tuesday and formally waived extradition, and the application for a writ of habeas is to be withdrawn at his direction.

Linn County Atty. William Faches said Tuesday recent charges filed against Childers in Iowa will be dropped. They include assault and battery, resisting arrest and pointing a gun at another.

of Mrs. Louise Livingston, Mrs. Graham's daughter.

Church Anniversary A Success

On January 2, 1972, the pastor and members of the Union Baptist Church, Fulton, celebrated the church's 72nd anniversary with a special service.

A record attendance was recorded, and finance report was \$200.91; Mrs. Martha Baldwin reported from the 4th quarter birthday rally, \$45.00. Total finance for that day was \$352.38. Rev. M.E. Richie, Pastor.

For Mrs. Ola P. Graham and family, the Christmas season was brightened by the visit of Rev. A.K. Patton, Pastor of St. John Baptist Church in Kansas City, and Ronald Washington of St. Louis. Rev. Patton and Mr. Washington were special guests

EDA Loan to Create Bangladesh President Bows 225 Jobs at Stamps Out for Former Prisoner

Robert A. Podesta, Assistant Secretary of Commerce for Economic Development, today announced approval of a \$297,115 loan to help expand plant facilities and create 225 new jobs for a furniture manufacturer in Lafayette County, Arkansas.

"The loan was approved in support of President Nixon's program to assist local communities and businesses to create permanent new jobs to overcome the problems of unemployment," said Podesta.

The Alan White Company, U.S. Highway 82 East, Stamps, applied for the loan from the Economic Development Administration, U.S. Department of Commerce, to expand its existing production facilities.

The company presently employs 252 persons. With the enlarged plant, company officials said they will hire 90 additional employees annually until new employment reaches 225 or an overall total of 477. The new employees will be recruited from the ranks of the unemployed in the area, company officials report.

In its loan application, the company said it has a backlog of orders which cannot be filled with existing production facilities.

The company has arranged a private loan for \$91,420 and will receive \$22,855 from the Lafayette County Industrial Development Corporation. The company will provide \$45,710 to meet the \$457,100 total cost of the project. The EDA loan is repayable in 15 years at an annual interest rate of 5 1/2 percent.

The project will include the cost of construction and the purchase of machinery, equipment and an eight-acre site.

Podesta said, "We will continue to work with local and company officials to help assure maximum benefit of this project for residents of the area."

EDA was established under the Public Works and Economic Development Act to encourage industrial growth in areas of high unemployment and low personal incomes.

DACCA (AP) — Sheikh Mujibur Rahman gave up the presidency of Bangladesh today to become prime minister after ordering a parliamentary government for Asia's newest nation.

Mujib, named president by other Bangladesh leaders while he was a prisoner in West Pakistan, issued a provisional constitution Tuesday night concentrating governmental power

Denmark King Unconscious

COPENHAGEN (AP) — The condition of Denmark's King Frederik deteriorated further today and he appeared to be slipping into unconsciousness at Copenhagen's Municipal Hospital.

A medical bulletin said the 72-year-old monarch, who was hospitalized nine days ago after a heart attack, was "somewhat weaker" this morning.

"The condition is marked by falling blood circulation in the brain. The consciousness is increasingly blurred," the bulletin said.

in the hands of the prime minister. The presidency became largely a ceremonial office.

The constitutional order provides that the parliament will be made up of persons elected a year ago to the East Pakistani state legislature and to the Pakistani National Assembly that never met. There was no indication when the new parliament would meet, but Mujib became prime minister as the unchallenged leader of the majority party.

Mujib, who is 61, took the oath of office 51 hours after his return to Dacca.

Abu Sayeed Choudhury, a former judge who has been the Bangladesh movement's chief spokesman in London and New York, was sworn in as president.

In the Pakistani general elections in December 1970, Mujib's Awami League won 298 of the 310 seats in the provincial legislature and 167 of the 169 National Assembly seats allotted to East Pakistan. Neither body was ever convened. This led to a civil war in East Pakistan, culminating in India's liberation of the territory and the estab-

lishment of Bangladesh as an independent nation.

The number of nations recognizing Bangladesh increased today to six, four of them Communist, as Poland and Mongolia joined the group. East Germany and Bulgaria started the ball rolling in the Soviet bloc Tuesday, but so far there was no word from Moscow.

India was the first nation to recognize Bangladesh, followed by one of its junior partners in the Himalayas, Bhutan.

Britain and France also are considered likely to extend recognition.

In other developments:

—The government declared the ports of Chittagong and Chalna open to international shipping. The two ports were heavily pounded by the Indian navy during the two-week war.

—A government spokesman said India has agreed to provide the new nation with \$33 million worth of steel, fertilizers, petroleum and other commodities as an outright grant. He said India also agreed to a loan equivalent to \$12.5 million in foreign exchange.

Take Advantage of Your Recent Move

By RAY DE CRANE

New employees, transferred employees and self-employed persons may be able to claim a deduction against gross income for their expenses in moving from one location to another.

Here are the conditions which must be met to entitle you to the deduction: The change in job location would have called for at least an additional 50 miles commuting if the residence had not been changed. You must be employed full time in the general vicinity of the new job location for at least 39 weeks during the 12 months following the move.

The deductible expenses are limited to these items:

1. The actual cost of moving household goods and personal effects.
2. The expenses of the employee and members of his household in moving from one location to another. This includes transportation, meals and lodging.
3. The cost of house-hunting trips to the new location after employment was obtained.
4. The cost of meals and lodging in temporary quarters at the new location for up to 30 days.
5. The cost of selling the old residence and purchasing another, or the expense in settling an old lease and acquiring a new one. Such expenses could include a broker's commission, closing costs, attorney fees and points charged on a mortgage to the extent not deductible as interest. There is no deduction, however, on a loss incurred in the sale of a former residence.

There are no dollar limits on items 1 and 2. For the other categories, the deduction is limited to \$2,500, of which not more than \$1,000 can be for house-hunting trips and temporary living

Opening lead—♦ 5							

By Oswald & James Jacoby

The game was match-point duplicate. South will have no trouble collecting nine tricks with hearts as trump or eight tricks at no-trump.

Thus when South does play at one no-trump it is important for him to get nine tricks. It is important for the defense to hold him to the eight.

If West opens a club the defense is easy. We watched West open the five of diamonds. East's jack forced declarer's ace and South proceeded to cash his five heart tricks.

West had to discard on the third heart and decided to let the six of diamonds go. Then came the fourth heart and West had a problem. He knew that South held the diamond 10 since East had played the jack. Therefore, West decided not to let another diamond go. Instead he jettisoned the jack of clubs. East dropped the deuce of spades after a spade was thrown from dummy and the last heart was led.

West saw that he could not chuck a spade and let the deuce of clubs go. East threw the seven of clubs whereupon South led a club

DR. LAWRENCE E. LAMB

Hands Fall Asleep During the Night

By Lawrence Lamb, M.D.

Dear Dr. Lamb—I would surely appreciate an answer

to this question. When I sleep and have my arms in another position except straight down by my sides, my hands go to sleep. First it was only one hand and now both are involved. Just as soon as I put them straight after I awake, they are fine. As far as I know my heart is O.K.

Dear Reader—The most common cause of this problem is mechanical blocking of the arteries that provide the flow of blood to the arms. A muscle in the neck can be drawn taut across the artery when the arms are above the head in particular and cause this problem. Some people have an extra rib (in the lower neck called a cervical rib) that causes pressure on the artery in such a position that the rib impinges on the artery.

In previous days when the head of the bed was made of metal rods, like the old-fashioned brass bed, some people would hold on to the rods in their sleep and some of them would compress the artery to their arms and hands this way. In a few cases the muscles of the thumb area would waste away from the habit.

Another cause of numbness is pressure on the nerves to the arms. This may occur if a person has arthritic changes in the spine of such a nature that in some positions too much pressure is placed on the nerves that come out of the spine and go to the hand.

Of course, if someone else sleeps on your arm that can cause the problem, too. Soldiers sometimes have a similar problem if they carry a heavy pack. The pack pulls the collarbone back and it and the muscles in the shoulder can compress the artery and cause problems with circulation to the hands.

No doubt your problem is mechanical. I doubt it is serious though. You have already found the best treatment, keeping your hands down while you sleep.

The Zaire River in Africa, formerly known as the Congo, empties 1,400,000 cubic feet of water into the Atlantic Ocean every second. The discharge stains the ocean brown for 30 miles out to sea.
